

# Understanding Human Being Comprehensively Human Aspiration & its Fulfillment (ROE-074)

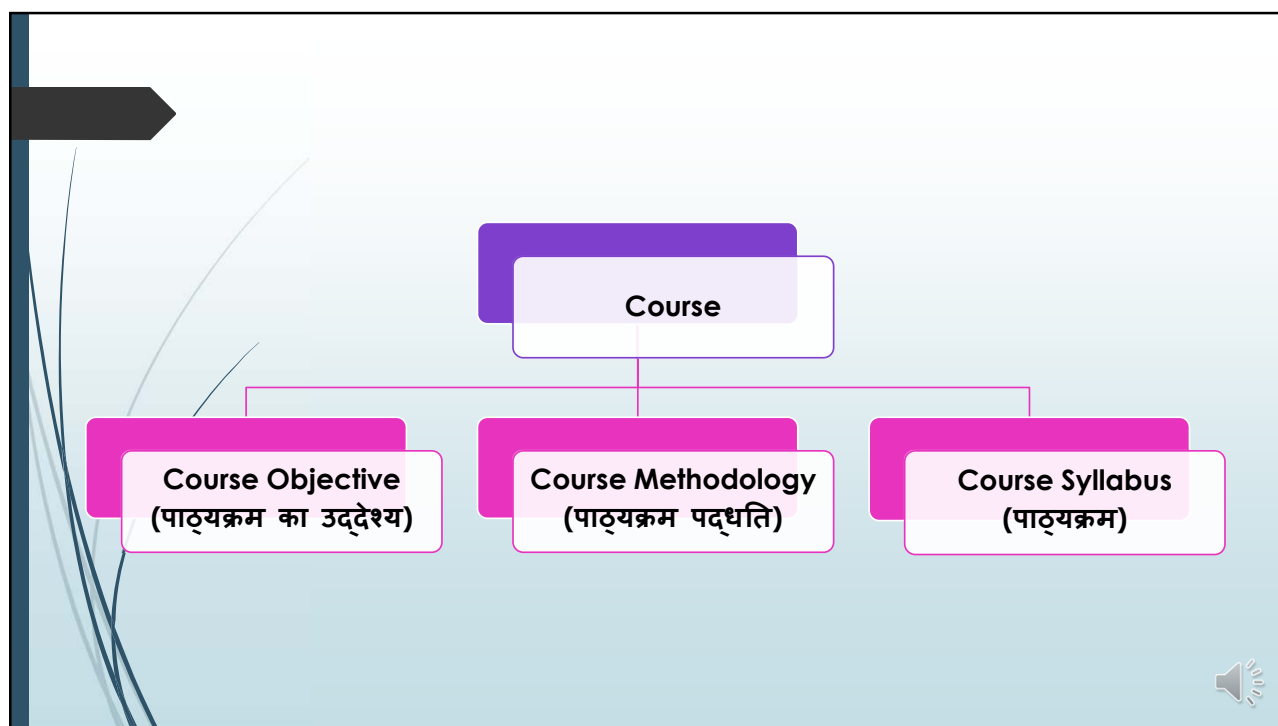

Kaushal Gupta  
Assistant Professor, AS&H

ABES Institute of Technology, Ghaziabad

## About the Course

## Course Objectives

- To help the students having the clarity about human aspirations, goal, activities and purpose of life.
- To facilitate the competence to understand the harmony in nature/existence and participation of human being in the nature/existence.
- To help the students to develop the understanding of human tradition and its various components.

## Course Methodology (पाठ्यक्रम पद्धति)

- The methodology of this course is explorational and thus universally adaptable. It involves a systematic and rational study of the human being vis-à-vis the rest of existence.
- It is free from any dogma or set of do's and don'ts related to values.
- It is a process of self-investigation and self-exploration, and not of giving sermons. Whatever is found as truth or reality is stated as a proposal and the students are facilitated and encouraged to verify it in their own right, based on their Natural Acceptance and subsequent Experiential Validation.
- This process of self-exploration takes the form of a dialogue between the teacher and the students to begin with, and then to continue within the student leading to continuous self-evolution.
- This self-exploration also enables them to critically evaluate their pre-conditionings and present beliefs
